CITY HALL ROOM REFUSED BY LEGION

LOCAL POST DECLINES ASSEMBLY ROOM ON THIRD FLOOR; STATES FINE MEMORIAL BUILDING HERE IN NEAR FUTURE IS ASSURED.

Bernard McCaffery Post of the American Legion does not desire the room on the top floor of the new city hall fitted up as an assembly room for it to hold its meetings in. This was made very plain at Monday night's meeting of the board of city trustees when Patrick Bowler, appearing as spokesman for the ex-service men, declared the local post was determined to have a fine memorial hall built in South San Francisco and would positively decline to consider the room mentioned. Mr. Bowler stated the post not only wanted such a memorial hall, but already had plans well on the way toward getting it. This matter was brought up as a result of a movement started recently to have the top floor of the city hall finished as a meeting place for the post. This was done, seemingly, without the knowledge or consent of the post. Chairman G. W. Holston of the city board assured Mr. Bowler that in all probability no further steps would be taken in the matter.

Another subject of much local interest that came up for discussion was the planting of trees along the streets in South San Francisco. Andrew Hynding, a member of a committee appointed some time ago by the local Chamber of Commerce to act in conjunction with a committee from the city trustees to look into the planting of trees, to learn the best varieties to be planted, etc., reported for the joint committee that after a great deal of investigation it believed cypress or cypress interspersed with acacia would give the best results in this soil and climate. The committee also advised the planting of the town in sections on successive years rather than all at the same time, as the latter method would entail heavy expense. Another recommendation of the committee was for the appointing of a commission from among the city trustees to be vested with authority to have the trees properly planted and properly protected and cared for afterward. The recommendations of the tree planting committee were taken under advisement, and the committee instructed to obtain prices on the trees desired ready for planting.

A communication was received from the Southern Pacific Company, stating that where the sewers now being constructed in the factory region crossed the railroad right of way at Butler road and Cedar avenue the company desired a "rail top" construction, which would cost, according to their figures, \$17,000 at Butler road and \$13,000 at Cedar avenue. As the bids from contractors before the sewer construction was started ranged from \$2500 to \$5000 for these culverts, the city officials could not understand why the railroad's estimate was so high. City Engineer George Kneese stated he believed the matter could be adjusted with the railroad at a much more favorable figure than their letter quoted, and the matter was referred to him to be taken up with the railroad.

The city engineer reported that the sum of \$9816.05 was now due C. B. Cowden as partial payment for the construction of the sewer in the factory district, and City Clerk McSweeney was instructed by resolution

NEW YORK CORP. BUYER BUILDING SITE HERE

Deed Recorded to Metal and Thermit Corp. Marks Important Addition to Local Industries.

The recording this week of a deed from the South San Francisco Land and Improvement Company conveying to the Metal and Thermit Corporation of New York twelve acres of land, consummates the advent into this community of another first-class industry. The new factory will give employment to upwards of 300 men.

The twelve acres conveyed cover all the flat land between the Virden packing plant and the Growers' Rice Milling Company.

Eastern engineers will arrive here early in September to supervise and construct the new factory.

This makes four new industries secured to this community within the past sixty days, all of them metal and steel plants. The other three plants are Wildberg Bros.' Metal Refining Works, which recently completed the purchase of the Chapman smelting plant and is now enlarging and rebuilding the same and will soon be in active operation. The Power Construction Company is another. It is now building its steel frame factory buildings directly west of the Virden packing plant, and the fourth industry is a steel foundry which last week secured a location on the main line of the Southern Pacific Railroad near the depot. This new industry will give employment to 100 men, and expects to begin construction of its plant about December 1st of this year.

These acquisitions give added strength to South San Francisco's already well-established position as a leading center of steel manufacturing.

AD BRINGS MANY ANSWERS.

Charlie Genasci, who helps to take care of the coin at the Bank of South San Francisco, advertised last week in The Enterprise and the North End Progress for a man to work on his ranch in the Santa Clara valley. This week Mr. Genasci stopped the editor on the street to beg him to discontinue the ad, as he was getting more answers than he could take care of. Moral: A little ad in this paper is a fine investment.

to draw a warrant in Mr. Cowden's favor for that amount.

A report was also received from Coffey & Werner, the architects of the new city hall, stating that a payment of \$10,087.52 was now due Contractors Larsen-Sampson Company. A resolution was passed that this amount be paid.

City Clerk McSweeney was instructed to write the Pacific Gas and Electric Company to install a street light in the alley that runs from Cypress avenue to Linden in the block between Grand and Baden avenues, and to communicate with the United Railroads Company and the Pacific Gas and Electric Company asking their consent to the use of their poles for the installation of the electric fire alarm system.

Because of some complaint about the unswept condition of the new street paving in the northern part of town, the trustees decided to inspect the streets in question Tuesday morning.

Current bills in the sum of \$10,144 were read and ordered paid.

SUPERVISORS HEAR OF TRAFFIC VIOLATIONS

Motorcycle Cops Get Hearing and Complaints Against Rapid-Transit Buses Aired.

The board of county supervisors met in regular session Monday.

One of the outstanding events of the meeting was the interrogation of county traffic officers as to their enforcement of traffic regulations in the county, and particularly as to the conduct of rapid-transit bus drivers. Many complaints had been received by members of the board as to the habit of these drivers of speeding and of "cutting in" ahead of other motorists.

Traffic Officer George Bond, speaking for the officers, stated that the traffic on the highway down the peninsula was the heaviest on any stretch of road in the country and that traffic officers had much to contend with in keeping track of all drivers. He stated, also, that many drivers, while they make complaints against the stage drivers, refuse to appear against them in court. District Attorney Swart took part in the discussion, stating that all peace officers should co-operate with the traffic men. He cited an instance where a man last week killed a deer in the hills near Belmont and drove up the highway in daylight with the body of the animal on the front of the machine. Apparently neither peace or traffic officers saw him.

The conference ended by the traffic officers being instructed to rigidly enforce the law governing motor travel. District Attorney Swart presented an ordinance making it unlawful to start fires of any kind in the county except for domestic purposes between June 1st and December 1st, unless first getting a permit from a fire warden. The ordinance provides that the fire warden may designate places on private places and on highways where fires may be built.

The ordinance was adopted.

An ordinance creating the office of county veterinarian and regulating the slaughtering in the county was read and copies given the board members for their consideration.

A report was received from the trustees of the Jefferson school district, stating the special tax election held July 17th to provide \$8500 for increasing school teachers' salaries had carried, and making a request that the necessary provision be made

LAST CHANCE TO GAIN A MILLION VOTES.

A five-year subscription (only \$12.50) in The Enterprise-North End Progress Automobile Prize Contest represents 15,000 votes. Twenty-six such subscriptions means 390,000 REGULAR votes. Then, in addition to the REGULAR votes allowed on each subscription, 50,000 SPECIAL EXTRA votes are issued on each "club" of \$25. So, twenty-six subscriptions of this kind means thirteen "clubs," and thirteen times 50,000 means 650,000 SPECIAL votes. Therefore, twenty-six five-year subscriptions, or approximately its equivalent in shorter term orders or Adv. and Job Printing cards, means 390,000 REGULAR votes plus 650,000 SPECIAL votes, or a grand total of 1,040,000 votes. Easy enough, isn't it? Candidates, haven't you got twenty-six friends who would help you to the extent of a five-year subscription, or an Adv. and Job card order, toward helping you win that splendid new "Baby Grand" Chevrolet touring car, worth \$1500? Try it and see!

BAY SHORE CLOSED WHILE ROAD IS BEING REPAIRED

The Bay Shore highway has been closed part of each day the last week while repairs are being made on the paving. The road has been opened for a short time each morning and evening, but closed through the greater part of the day. Supervisor Thomas Hickey states that the Raich Improvement Company, the paving company which is doing the work, is at present the only company in San Francisco to be operating an asphalt plant.

in the next tax levy. The report was ordered referred to the county auditor and the clerk instructed to notify the school trustees their request would be complied with.

The list of election officers to serve at the coming primary election August 31st, as presented by the supervisors from their districts, was read and accepted.

Other matters, largely of a routine nature, occupied the meeting. The board adjourned at noon and reconvened as a board of equalization, but as there were no claims filed, adjournment was taken.

LEGION POST STARTS MEMORIAL CAMPAIGN

Committee Is Appointed and Steps Taken to Erect Memorial to Service Men of So. S. F.

Bernard McCaffery Post of the American Legion is determined that South San Francisco shall have a creditable hall built as a memorial to the men of South San Francisco who took part in the great war. Other towns of even smaller size have erected such buildings, and with the object in view of getting a fitting memorial here members of Bernard McCaffery Post have elected a Legion memorial hall committee to further their plans. This committee was chosen at a special meeting Tuesday evening and hereafter the committee will hold meetings every Tuesday night. Patrick Bowler is chairman of the committee, with William Hyland as secretary. A by-laws committee will be chosen, and this committee will confer with the legal advisors of the San Francisco posts as to the best methods to pursue in the acquisition of the building and in the maintaining of it afterward. In all probability a holding company of Legion members will be organized to manage the affairs of the hall. Just how the funds for the construction of the building are to be raised has not yet been decided. At least a part will likely be raised by popular subscription, but further details of the plan are still to be worked out and will be announced later.

STEELWORKER INJURED BY FALLING INGOT; LONES LEG

Robert Dunn of 1396 Forty-seventh street, San Francisco, was so seriously injured at the steel mill in South San Francisco Tuesday that amputation of his left leg below the knee was necessary. The operation was performed at the South San Francisco General Hospital.

Dunn, who has a wife and three small children, had entered the employ of the steel company only two days before his injury. He was working as a pitman. His leg was crushed and terribly burned by the falling upon it of a huge ingot of steel. In the man's frantic efforts to liberate himself his hands and arms were also badly burned. On his arrival at the hospital, amputation was immediately decided upon. Dunn is now at the hospital, where he is resting as easily as could be expected after his terrible experience.

MCCARTHY ENDORSES SAMUEL SHORTRIDGE

P. H. McCarthy, president of the State Building Trades Council, has endorsed Samuel M. Shortridge, Republican candidate for United States senator, as "the best man for labor to support."

McCarthy's endorsement follows: "Shortridge is the best man for labor to support. He will be of greater assistance in helping fight labor's battles in the senate than any man California could send to congress."

"For thirty years Shortridge has been fighting cheap labor, whether that labor came from Asia or elsewhere. He is and always has been labor's staunch friend. Never has labor appealed in vain to Sam Shortridge; whether the call came from a workingman or from labor as a unit, Sam Shortridge always responded and threw into the battle his fine intellect and great abilities that have made him today one of California's foremost citizens."

CONTEST ENDS TOMORROW NIGHT

GREAT ENTERPRISE-PROGRESS PRIZE COMPETITION CLOSES AT EIGHT SHARP; PUBLIC MAY ATTEND EXCITING FINISH.

The climax tomorrow night!

Seven weeks of hard work and anxiety culminates in the closing scene 8 o'clock tomorrow night, at which time The Enterprise-North End Progress big automobile prize contest comes to an official close, and the most successful candidates will claim the magnificent prizes—headed by that splendid new "Baby Grand" Chevrolet automobile, worth \$1500.

Are you going to be the one to finish triumphantly with an overwhelming number of votes, or are you going to be content with what you now have and see the efforts of these many weary weeks go to waste and the rewards of the contest wrested from your grasp by more aggressive competitors? It is up to you now or let your rivals beat you to it!

Success in an affair of this kind depends upon keen judgment and immediate action. Throughout all history people possessing the faculty of knowing a good thing when the eye sees it, and grasping it at the right moment, have won (frequently on the last turn of the cards), while those undecided and afraid stand back and talk about what they might have done.

The end is but a few hours away; yet, if you can trust your own judgment as to your competitor's strength, based on facts and observation, and lay your plans accordingly, there is yet time to stem the tide of defeat and turn it to sweeping victory.

Better Be Safe Than Sorry

Eight o'clock Saturday night looms big on the horizon, and every tick of the clock brings it nearer. Today and tomorrow are of short duration. It will see Father Time on his way in such rapid flight that there will be scarcely time to catch your breath before everything is over, the winners named, and the proud victors taking enjoyment in the prizes won.

This newspaper has urged candidates to do their very best right along, but now it wishes to lay particular stress on the final necessity of looking the situation squarely in the face and seeing where it will be necessary to put forth your supreme efforts between now and the finish if you would be returned winner of first honors and the grand capital prize.

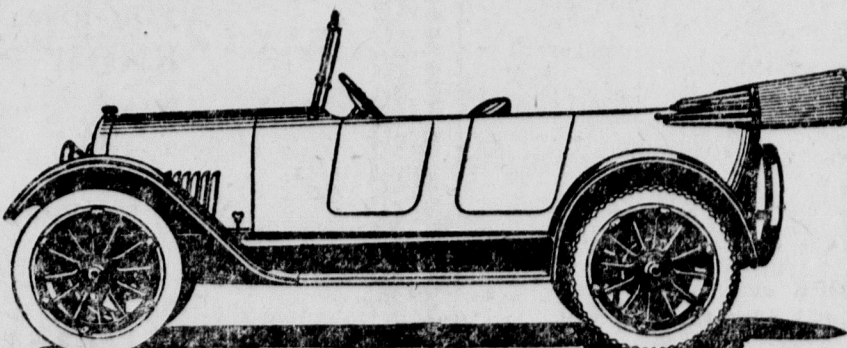

Count on Facts Only

Don't flatter yourself that you already have enough votes to win, for you haven't. Don't think for one moment that two million votes will be enough to win, for it won't. There is more than one candidate in that class right now, and, before the final scene comes into play, you may expect to see these figures greatly enlarged. Don't take a single chance of losing the prize you most desire. What if you should fall short by a few hundred thousand votes—representing a mere handful of long-term subscriptions or Adv. and Job Printing cards?

Overconfidence has lost many battles. Relaxation at this stage of the game is suicidal to success. Determination to win, coupled with relentless activity in vote getting, will make any candidate a winner. There is no time to hesitate. What is to be done must be done now. To temporize is

SCOUTS HAVE WONDERFUL TIME AT SUMMER CAMP

Scoutmaster Daniel Stevens and six members of the local Boy Scout troop arrived home last Friday afternoon from a vacation spent at Camp Cazadero. They report having had a fine time. There were 350 boys in the camp, divided into camps of fifty boys each. Mr. Stevens having charge of one of these camps. Alpheus McGovern of the local troop won two of the dozen medals offered the entire 350 boys. One of these was a merit badge for swimming, the other a medal offered by the Winchester Arms Company for marksmanship. Elton McGraw of the local troop passed the tests of a second class scout. Mr. Stevens declares the camp was ideal in its location and appointments and that the instruction given the boys was of the finest.

Beside Mr. Stevens, those who attended from South San Francisco were Alpheus McGovern, Elton McGraw, Myland Conrad, Louis Beltrami, Milton Kert, and Jean Dotson.

JAPS PAY BIG PRICE FOR SMALL ABALONES

Three San Francisco Japanese paid \$50 each for gathering undersized abalones last Sunday. The three were brought into Judge Smith's court Monday morning by Game Warden Jack Burke, together with a sack of the abalones they had gathered. The shellfish ranged from a couple of inches across to five or six inches, but none of the forty produced was up to the seven inches prescribed by law. The three men gave the names of G. Nino, M. Oghi, and K.

Shigezumi, and stated they were in the dyeing and cleaning business at 2243 Market street, San Francisco.

NEW UNIVERSITY STUDENTS MUST ENROLL BY AUGUST 2

Applications for admission to the University of California by new students should be filed with the recorder of the faculties of the university by August 2d, it has been announced at the office of President David P. Barrows. Students with deficiencies in their high school work may take matriculation examinations during the week August 5th to 10th, it was

further announced.

Registration at the state university will take place August 13th and 14th, with old students permitted to enroll August 16th. Instruction in all classes begins August 17th.

J. J. ARNOLD GOES TO HIGH POSITION IN N. Y.

J. J. Arnold, San Francisco banker, whose home was in San Mateo, has received the appointment of head of the new Bankers' Union for Foreign Commerce and Finance, a new \$15,000,000 corporation recently organized in New York. Mr. Arnold came

to the coast but a short time ago from Chicago, where he had been connected with the First National Bank for over a quarter of a century.

Mr. Arnold's removal to New York is of interest to many residents of South San Francisco, who met the eminent banker recently when he delivered an address here under the auspices of the Forum. Most of those in Mr. Arnold's audience met the speaker after the address and found him a man of a most pleasing personality. Mr. Arnold's subject was "The Foreign-Born Citizen," and he proved himself an able speaker.

"Of Such is the Kingdom of Heaven"

Inside the great brass statue of Moloch a roaring fire was built on holy days.

And into the seething arms of the pitiless god mothers hurled their screaming infants.

In the South Sea Islands, when either parent died, the children were slain and buried also, to wait the parent in the other world.

In China the girl babies were drowned; in Greece they were exposed upon the bleak and bitter mountainsides.

And even Socrates, the greatest of the Greeks, saw nothing in the practice to condemn.

Thus the ancient heathen world treated its babies.

Who was it that changed the world's thought about children? Who made them the most important citizens of the world?

Jesus of Nazareth. It was He who said "Suffer little children to come unto me and forbid them not."

He gave them the proud privilege of being His friends.

In every age His Church has been the champion of childhood. Dathus, a Christian Bishop, founded the first orphan asylum. All the laws for the protection of children have their roots and their security in His Church.

How Many Homes Have You Paid For?

And how many homes do you own today? Recently a man came into our office that had decided years ago to apply his rent money toward the payment of a house. He soon rented the house to another fellow and his rent paid the balance on the house. He bought himself another one and another one, until today he owns several homes and has quit work. The rent money he now collects means a substantial income to him. The future is sure, bright and smiling for his wife and children.

Rent day never comes around to the man who owns his own Home.

A deed to your home is the best form of life insurance you can have.

We will build you a house to order, exactly as you plan it and upon a lot that suits your ideas. A small payment down and your rent money will pay for it. The man who owns his own home not only saves rent but makes money on the increased value in his property.

KEEP THE MONEY AT HOME.

There isn't a doubt but what European countries need American money
for construction work, and also for reconstruction work. They frankly
admit it.

Some of our big financial institutions favor letting them have it, at
heavy interest—the people's money that is on deposit with them. But most
people in this country favor keeping our money at home. There is plenty of
construction work here, and it all requires money.

There are even many of us who have the temerity to feel that ten billions
of dollars is about enough for Europe to owe us at one time. It is wiser to
get some of that back before handing out more, or at least the interest on
those ten billions.

Let's put our own house in order before we start another kindergarten
for pauperized foreign governments. The bag we are holding is quite large
enough as it is—ten billions large.

VOTERS MAY DO SOME THINKING.

The plain voter may decide to think for himself at this election, much
as the leaders secretly disapprove of such a course. In the past the p. v.
hasn't done as much thinking as he might. It hasn't been necessary. Others
have been good and kind to him and have saved him that trouble.

But the p. v. is no longer in the primary grade. He has been striding
right along and has about decided to issue himself a diploma. He feels that
he has reached the graduating stage and is entitled to do his own thinking.
At least he will try it—and he may succeed.

Stranger things than that have happened, even in American politics.

BEFORE PRICES CAN DROP.

Millions of people are waiting with such patience as they can muster for
the time when prices will come down. They have faith that the time will not
be long deferred. But we fear they are doomed to disappointment. Before
any great reduction can be expected in the retail market there must first be
a readjustment of the price of labor, raw materials, etc. Can you imagine the
laborer voluntarily reducing his wage, or the manufacturer his product?
There is an endless amount of time before us, and much of it will be con-
sumed before the sky loses its control of price quotations.

Mrs. Elbina D. Binkley of Reinholds Station, Pa., is 89 years old and
hoes potatoes in her garden. Can any one in this community beat that record?
Speak up and let us publish the names. Such people deserve all of the honor
and publicity we can give them.

All men are born with brains, but some haven't sense enough to use
them.

It is true, however, that some civil engineers are not always civil.

YEOMEN LODGE TAKES IN

CLASS OF NEW MEMBERS

Thursday evening the local lodge of
the Brotherhood of American Yeomen
took in six new members, Miss Gladys
Beckner, Mr. and Mrs. Batteny, Henry
Schmitt, H. F. Maher, and Pahl Cal-
legari. The initiation work was put
on by the San Bruno team, assisted by
the musician from San Francisco
homestead. Several attended from out
of town and a social evening was en-
joyed.

Tuesday evening, August 3d, the
members of the local lodge and their
families will celebrate the "Darkies"
Fourth. It is expected that the
"colored" population of San Bruno

will make quite a hit on this occasion
and many events are promised to en-
liven the evening.

The Yeomen will hold their regular
whist party next Tuesday evening at
Carpenter's Hall. Special cash prizes
will be given.

SUPERVISOR HICKEY MAKES CANDIDACY ANNOUNCEMENT

Supervisor Thomas L. Hickey of
South San Francisco makes announce-
ment this week of his candidacy to
succeed himself. Mr. Hickey is run-
ning on his record of efficient work in
the office. The big supervisor of the
first district has a host of friends
throughout the county and will give
any opponent a hard run for his
money.

ing to said plans and specifications and
completed in ninety (90) working days
from the date of the execution of the
contract.

The bidder to whom the contract is
awarded will be required at the time of
the execution of the contract, and as a
condition of the acceptance of his bid,
to execute and file a good and sufficient
bond, executed by a surety company, or
by two responsible sureties to be ap-
proved by the said Board of Trustees,
said district, in an amount of not less
than fifty (50) per cent of the total
amount payable under the terms of the
contract, to secure the faithful perform-
ance of the contract and the full pay-
ment of claims for any material, or
supplies of labor, or of any kind, which
ever used in the construction of the
said building to be constructed under
the said contract.

A deposit of \$10 will be required from
contractors for the safe return of plans
and specifications.

FIRESIDE TALKS

By Betsy.

Working men and women and working folk in general, young or old, seem to be very discontented. Most of them have the habit of expressing their dissatisfied feeling towards the man or woman who employs them, keeping the thought ever present in their mind that they are slaves to the work they are doing. Never a thought towards themselves—that perhaps the trouble is within themselves.

We can and should make the best of our condition. At any rate, we are healthy. If not perfectly so, we must, at least, have a good foundation to be employed at all. It is, therefore, within our power to enjoy and to give out to those around us the happiness that makes life worth while.

Whenever I view a beautiful picture, read something worth while, whether in newspaper, magazine or book, the thought comes to me, what a joy it is to have eyesight.

Our condition in life is much that we ourselves make it. We can see where it is wonderful to have all our faculties and health, and we can learn to enjoy them.

The Creator did not make us perfect to sell our souls or bodies either for work or pleasure, but to use and give the best that is in us for our happiness and that of others. We shall never be satisfied thinking that the more money we possess the happier we will be, for that is decidedly not true.

If we wish to be really happy and make others happy, we must work and work well. No day is perfect without that feeling of satisfaction in knowing you have done the best you could for the man or woman who gives you the chance of earning your living and making good. Make mountains of the gifts that you possess and be thankful for being able to earn your living in an honest way. Make others feel the same way, and you will have accomplished all that is worth while. The rest will adjust itself.

BETSY.

Don't waste time in pitying yourself. You can employ it to better advantage in removing the cause.

"Rough In" for Heating Now—Purchase Appliances Later

Home-builders are advised to consider the advisability and economy of "roughing in" for heating appliances during building construction, even if necessary to postpone the purchase of appliances till later in the year.

To insure satisfactory results you may proceed upon a definite plan for your heating equipment. We are in a position to give you valuable assistance in laying out and supervising the preliminary work as it progresses.

There is no guesswork in our estimate of your heating requirements. Our trained men KNOW. They are prepared to furnish reliable information regarding individual heating units or a complete plant as your special needs demand. They are strictly charged to advise you only to your best interests.

RIUNIONE REGOLARE DEL CONSIGLIO MUNICIPALE

Alla riunione regolare del Consiglio Municipale, che ebbe luogo Lunedì sera erano presenti i seguenti consiglieri: G. W. Holston, F. A. Cunningham, H. Scampini, A. J. Eschelbach. Il consigliere L. G. Hardy Jr. era assente.

Durante i lavori consiliari, si presentò il Sig. Patrick Bowler, e si nome della locale sezione dell' "American Legion," disse che questa non vuole la sala per le assemblee che si sta facendo per loro al terzo piano dell'originale palazzo municipale. Il Sig. Bowler dichiarò in seguito che la locale sezione della Legione Americana si propone di erigere o presto o tardi un elegante palazzo in memoria dei caduti di South San Francisco nella recente guerra.

Una comunicazione fu ricevuta dalla "Southern Pacific Railroad Company" la quale desidera che le tubature della fogna attualmente in costruzione attraverso la ferrovia ai passaggia a livello di Butler road e Cedar avenue, siano protette con una solida costruzione d'acciaio.

Detta costruzione richiederebbe una spesa enorme e di gran lunga superiore a quella già stabilita dalla città. Perciò il consiglio incaricò l'ingegnere comunale George Kneese di parlamentare cogli ufficiali della compagnia ferroviaria per ottenere che detta costruzione sia eseguita efficientemente e con la minor spesa possibile.

Il Sig. Andrew Hynding, membro del comitato d'investigazione della locale Camera di Commercio per la scelta della qualità di alberi che verranno piantati lungo le vie di South San Francisco, riportò al Consiglio che i cipressi e gli acacia sarebbero i migliori e confacenti al clima locale se piantati alternativamente. Il comitato fece anche le raccomandazioni che gli alberi sciano piantati nel frattempo di parecchi anni in modo che la città abbia campo di fronteggiare alla spesa senza grave danno all'erario comunale. Venne pure suggerito che la città sia divisa in sezioni e che una piantagione sia fatta annualmente ed alternativamente sezione per sezione.

Il Sig. Hynding rilevò la necessità di una commissione che dirigesse i lavori di piantagione e che governasse in seguito che le piante sieno ben

tenute.

Prima che si chiudesse la laboriosa seduta fu ordinato di pagare un numero di fatture e spese per l'ammontare complessivo di 10,144 dollari.

DOMANI SASA' L'ULTIMO GIORNO DELLA GARA

La grandiosa gara, per l'automobile del valore di 1500 dollari e molti altri preziosi premi, indetta, sette settimane fa dal presente giornale "The Enterprise" e dal "North End Progress" di Daly City, finirà domani sera alle ore 8.

Un'urna sigillata e' stata collocata nell'ufficio del Notaio Pubblico F. A. Cunningham, nella quale durante la corrente settimana i contestanti, o per meglio dire, le contestanti, essendo queste tutte signorine, deporranno i loro voti.

In questo modo si garantisce alle contestanti che nessuno sappia, prima dell'apertura dell'urna e del conteggio dei voti chi abbia vinto la bella automobile.

La chiave dell'urna e' stata consegnata al Sindaco di South San Francisco Sig. G. W. Holston dal quale sarà aperta domani sera alle ore 8 precise.

Si prevede un grandioso concorso di pubblico per l'occasione. Immane, probabilmente vi saranno tutte le gentili contestanti con la loro lunga schiera di amici che le aiuteranno nell'ardua battaglia per il primo premio.

"LA VEDOVA ALLEGRA" ATTRAFFE MOLTO PUBBLICO

La bellissima operetta "La Vedova Allegra" che ebbe luogo al "Fraternal Hall" la sera di domenica scorsa, attirò molto pubblico. Proprio come e' stato preveduto, vi fu un plenone e agli ultimi arrivi fu impossibile ottenere i posti a sedere.

GIAPPONESI TROVATI IN POSSESSO DI PICCOLI ABALONI VENGONO MULTATI

Lunedì mattina, il guarda pesca Jack Burke, arrestava e traduceva in Corte, avanti al giudice W. J. Smith, tre Giapponesi di San Francisco, accusati di prendere abaloni più piccoli di quanto la legge prescrive.

Circa quaranta abaloni furono presentati in Corte come evidenza del reato contro i tre Giapponesi, il più grosso dei quali misurava per traverso molto di meno dei sette pollici predetti dalla legge.

Al tre sudditi dell'impero nipponico fu imposta una multa di 50 dollari per ciascuno.

MURDERED MAN LEFT ONLY SMALL ESTATE

A petition for letters of administration in the estate of Pietro Roccosalva of South San Francisco, who was murdered in front of his home the night of July 11th, have been filed by Dr. W. A. Brooke, public administrator. According to the petition, the man had no relatives in this country. His estate consists of \$300 in cash, an automobile, and some articles of personal property. No clue has yet been found as to his murderers.

COUNTY TO HAVE DETENTION HOME AT REDWOOD SOON

The former residence of Sheriff Michael Sheehan, which was leased from the county by the sheriff, is being reconstructed and remodeled and will hereafter be used by the county as a detention home.

The building contains twelve rooms, and when alterations are completed, any wayward or neglected children under the care of the county will be held there instead of at the jail.

A matron for the new detention home is soon to be appointed by the board of supervisors.

FILES SUIT FOR DAMAGES TO PACHECO BUILDING

Victoria Pacheco and Joseph Pacheco appear as complainants in an action in Judge Smith's court, damages in the sum of \$250 being asked of John C. Rapp. The damage was

alleged done to the Pacheco building at San Bruno road and Grand avenue, South San Francisco. J. J. Bullock is attorney for the complainants.

PROTEST AGAINST CONDUCT OF STAGES

One of the San Francisco papers carried a news story in Thursday morning's issue that dealt with the big peninsula buses that ply along the state highway in San Mateo county. The article was inspired by the action

of the California State Automobile Association in protesting at the speed these stages make and their practice of crowding smaller cars off the road. Interviews with several San Mateo county officials were published, as follows:

CITY ATTORNEY ALBERT MANSFIELD of Redwood City—There is no question but that the passenger-carry-

ing buses that travel the peninsula highways violate the law every day by speeding and cutting in. The travel on the highway is such that these buses in order to keep up their time schedules must of necessity break the law.

I think the proper remedy is to give the time schedules a thorough going over and make such corrections as will allow drivers sufficient time for their runs without making it necessary for them to transgress the law.

C. M. DOXSEE, manager of the **George H. Rice Abstract Company**, Redwood City—I think this is a splendid move. Every time I drive on the highway I notice violations of the law and a more rigid enforcement of the law certainly is needed.

JUSTICE OF THE PEACE RAY GRIFFIN, Redwood City—The best way to remedy the serious condition pointed out is for every citizen who sees the law violated to go into the nearest court and swear to a complaint against the driver of the offending machine.

The unwillingness of the average citizen to act as a prosecuting witness is chiefly responsible for the non-enforcement of the traffic law.

DENNIS O'KEEFE, editor and high school trustee, Redwood City—The way in which the auto buses and other machines are permitted to hog the road on the state highway is deplorable.

ROY W. CLOUD, San Mateo County Superintendent of Schools—I believe the traffic officers should keep the auto buses within the 35-miles limit at all times, and particular care should be taken to keep them from crowding other automobiles off the highways.

Most of the operators of these buses are good drivers, but the general public doesn't know this and keep well to the side of the road when the big machines come rolling along.

"Whole hog or none" was the motto of certain gentlemen in the early days. Today it has been modernized and abbreviated into "whole hog."

It's an easy matter to find people with whom you can argue, but it's a devil of a job to locate one you can convince.

OLD-TIME SPORT COMES BACK AT SAN BRUNO

The old-time sport of coursing came back to San Mateo county last Sunday for the first time in many years with a successful meet at San Bruno. Time was when San Mateo county was the mecca of coursing enthusiasts from all parts of the state, but since the closing of Union Park years ago the coursing meets have gone elsewhere.

The San Mateo County Coursing Club, sponsored by such well-known dog men as Louis Logomarsino and Jack Dennis of Colma, held its initial meet at San Bruno last Sunday, with the running of a 24-dog stake, and judging from the enthusiastic crowd on hand, the sport has lost none of its popularity. About 500 people paid admission to the coursing field, including a number of dog fanciers from Redwood City.

It is the intention of the San Mateo County Coursing Club to hold a meet every alternate Sunday.

DELIVERS UP \$35 TO LEARN GAME REGULATIONS

Egosto Del Seppia paid \$25 into the county treasury recently to learn that one must not hunt quail out of season. At the same time he delivered up \$10 as a fine for hunting without a license. Seppia was arrested at Princeton-by-the-Sea, Game Warden Jack Burke making the arrest. The money was delivered up at the command of Judge W. J. Smith.

It is never too late to turn over a new leaf. But don't let it be a dead one.

DETAILS OF THE FINAL COUNT

IN ORDER TO MAINTAIN THE STRICTEST SECRECY AS TO THE NUMBER OF SUBSCRIPTIONS TURNED IN BY EACH INDIVIDUAL CANDIDATE DURING THIS, THE LAST WEEK OF THE ENTERPRISE-NORTH END PROGRESS BIG AUTOMOBILE PRIZE CONTEST, THE RACE WILL BE BROUGHT TO A CLOSE UNDER A SEALED BALLOT BOX.

NO SUBSCRIPTIONS OR ADV. AND JOB CARD ORDERS WHATEVER WILL BE ACCEPTED THROUGH THE CAMPAIGN DEPARTMENT THIS WEEK, BUT, INSTEAD, CANDIDATES THEMSELVES WILL DEPOSIT THEIR FINAL COLLECTIONS AND RESERVE VOTES IN THE SEALED BALLOT BOX—LOCATED AT THE CUNNINGHAM LAND OFFICE, 214 LINDEN AVENUE, SOUTH SAN FRANCISCO. BY SO DOING, NO ONE—NOT EVEN THE CAMPAIGN MANAGER—CAN POSSIBLY KNOW THE VOTING STRENGTH OF THE RESPECTIVE CANDIDATES, WHICH PRECLUDES ANY POSSIBILITY OF FAVORITISM AND INSURES FAIRNESS TO THE MINUTEST DEGREE.

Locked and sealed, and with the key in the hands of Mayor Holston of South San Francisco, the box now reposes in the offices of the Cunningham Land Company, where it will remain until the closing hour of the contest—8 o'clock Saturday night, July 24th.

When the final hour arrives the contest will be declared closed. The Judges will then break the seals, unlock the box, and immediately thereafter, or as soon as the votes can be issued on subscriptions and Adv. and Job Card orders contained therein, the final count will begin.

The winners will be determined by merely adding the published vote totals, as they appear in this issue for the last time, to the reserve votes and amounts contained in the sealed box. There will be no waiting; no complicated count, but simply a matter of adding the vote totals and naming the winners.

It is calculated that it will require about an hour to canvass the findings in the box and to determine the winners. The prizes will be awarded "then and there on the spot." The official results will be announced by the Judges Saturday night, and same will be published in next week's issue of The Enterprise and North End Progress.

IMPORTANT NOTICE

ALL VOTES AND SUBSCRIPTIONS MUST BE IN THE SEALED BALLOT BOX BEFORE 8 O'CLOCK SATURDAY NIGHT, JULY 24TH.

ALL SUBSCRIPTIONS AND ADV. AND JOB CARD ORDERS DEPOSITED IN THE SEALED BALLOT BOX MUST BE ACCOMPANIED BY THE CASH, MONEY ORDER, OR CERTIFIED CHECK TO COVER. PERSONAL CHECKS UP TO \$20.00 WILL BE ACCEPTABLE, PROVIDING NO TWO CHECKS ARE SIGNED BY THE SAME PARTY.

This rule is made in fairness to all candidates and will be strictly adhered to.

IT SHALL BE THE PRIVILEGE OF EACH OF THE LEADING CANDIDATES, AND IT IS THE DESIRE OF THIS NEWSPAPER, THAT CANDIDATES AVAIL THEMSELVES OF THIS INVITATION TO SELECT SOME ONE—BE HE FATHER, HUSBAND, BROTHER OR FRIEND—TO REPRESENT THEM AT THE CLOSE OF THE CONTEST; TO SIT WITH THE JUDGES, AND TO ASSIST IN THE FINAL COUNT.

Members of the Advisory Board, selected at the beginning of the contest, will be asked to act as judges; to canvass the findings in the box, and to award the prizes.

The personnel of this board is as follows:

G. W. HOLSTON, Mayor, South San Francisco.

HENRY SCAMPINI, City Trustee, South San Francisco.

HENRY HAAKER, Cashier Bank of South San Francisco, South San Francisco.

H. H. SMITH, Mayor, Daly City.

J. A. MEEKS, City Trustee, Daly City.

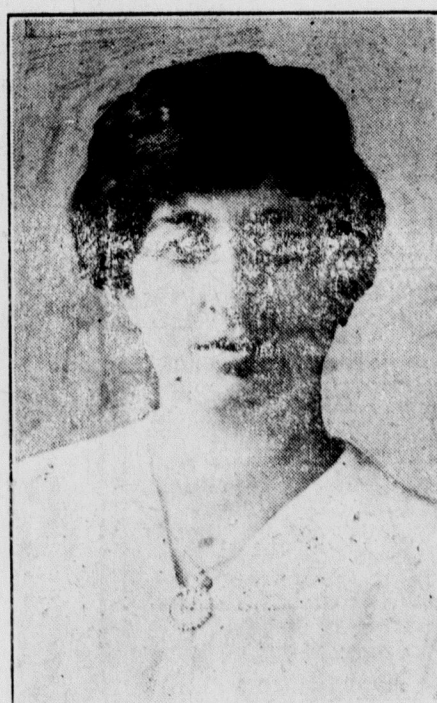

CHARLES BIEBEL, City Clerk, Daly City.

HENRY TOFT, City Marshal, Daly City.

ANTONE STURLA, Colma.

DR. F. H. SMITH, San Bruno.

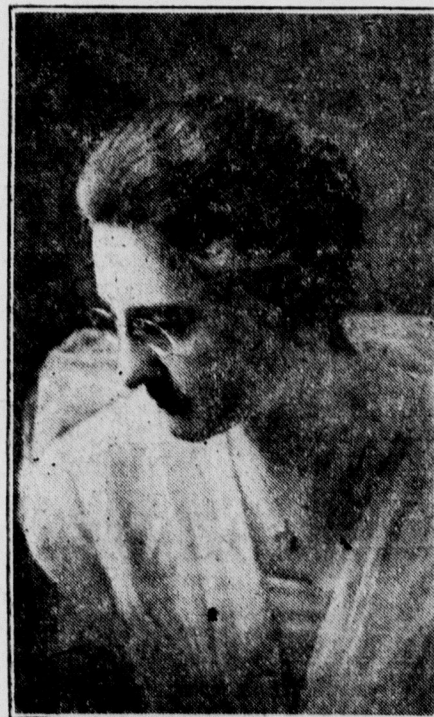

All of these gentlemen are well known to every one in this section, and the final results, as given out by them, will be beyond dispute.

THERE WILL BE SIX PRIZE WINNERS IN THE ENTERPRISE-PROGRESS AUTOMOBILE AND PRIZE CONTEST. OUT OF THIS ARRAY ONE CANDIDATE WILL STAND OUT PRE-EMINENTLY AND ALONE AS BEING WINNER OF FIRST HONORS. ONE candidate will have established a record of achievement that can be pointed to with pride long after the contest is over and forgotten.

ONE candidate will be the proud possessor of that splendid new 1920 model "Baby Grand" Chevrolet touring car, worth \$1500, and as such will be heralded throughout San Mateo county and this entire section of the country as being THE CHAMPION OF THE DAY. Get in the race with a shout, for you're on the homestretch now, and MAY THE BEST CANDIDATE WIN!
